Hi.

I am seeing your thread for few days and tempted to reply but did not reply because the price I have in my mind is too low for the phone you are selling but I need a 3G phone just to use it as a Mifi router.

I think your price is justified but for my requirements, I can offer your xxxx shipped.

Please don't mind for quoting such a low price.

Regards.

=====

pratikb, Apr 6,

courier I prefer to use is speed post.

far reliable and timely service.

=====

pratikb, Apr 6, 2013

sent email as you discussed,

let me know if you need any more photos.

phone will be with me for couple of hours more.

thanks,

=====

pratikb, Apr 9, 2013

Any updates on this.

=====

prime, Apr 9, 2013

I told you the price I can buy it for. And I am very bad in negotiations/bargaining. When I think that I am not able to handle it, then I have to leave the deal. :)

You are also justified because it is not your mobile and your cousin has some minimum amount in her mind. So better wait for a buyer of that price.

Also, I have never used speed post but if you are confident and ready to take risk, I'd have ignored that.

=====

pratikb, Apr 9, 2013

So far,

I never had any missed shipments and I have shipped even tablets with them.

Hp touchpad was shipped over them.

Delivered in 4 days flat.

So I am fully confident on them.

Touchwood.

And its just x00 more than what you say and you reduced from 4200-4300.

So i think we should close at ZZZZ.

And yes I can also tell you few things.

You may be online 24 hrs and 7 days a week,

I did not get chance to check my bank account and i did not get any sms about neft even till today.

And shipping.

Its shipped and it must have reached delhi by now.

I do check tracking no. As often as I can.

And I dont have any incentive here except helpful service to my sister.
